

ENPS MOBILE SUITE

Mobile access to content is a must-have not only for news consumers but for news producers as well. The ENPS Mobile Suite gives journalists constant access to the newsroom from anywhere in the world. Staffers have the freedom to remotely monitor assignments and rundowns, access breaking news and create content without being tied to the newsroom. The mobile capabilities of ENPS are unique in the broadcast industry.

Web Client

Features

- > Lets members of your news organization see the newsroom from anywhere in the world.
- > With a data connection on a mobile device, journalists can now read agency copy, write scripts, view assignments and running orders, all from the palm of their hand.
- > Runs on most mobile browsers and phones
Multi-platform version of the main ENPS client
- > Brings the core functionality of the ENPS application to any desktop
- > Allows journalists to write and edit stories, add stories to the rundown, view wires and news content, send messages, and search—from any browser anywhere in the world.
- > ENPS Web works on Firefox and Internet Explorer.

The **Associated Press** is the essential global news network, delivering fast, unbiased news from every corner of the world to all media platforms and formats. Founded in 1846, AP today is the largest and most trusted source of independent news and information. On any given day, more than half the world's population sees news from AP.
